- (d) The date of opening of Financial Bid will be intimated to the firms found technically qualified.

GENERAL INSTRUCTIONS:

- 1. The tenders received after scheduled date & time will not be entertained. The tenderers or their representative may remain present at the time of opening of tenders to show original documents for cross verification, if required.
- 2. There should be no cutting or overwriting.
- 3. The Tenderer / Firm who fails to fulfill the eligibility conditions will be summarily rejected.

4. The Tenderer must clearly mention the origin/ manufacture of the equipment being supplied. In line with Government of India Policies order. Imported items should be declared and categorized appropriately.
5. Import Clearance Responsibilities related to customs clearance, import duties, logistics, and inland transportation shall be borne by the Indian distributor/ dealer.
6. The offered equipment and all related components must comply with relevant Indian statutory, safety and environmental regulations.
7. Firms must submit all documents (as mentioned in cover-1) including the EMD, cost of Tender documents, to the office of Assistant Inspector General of Police (E), Police Head Quarters, Itanagar, Arunachal Pradesh on or before **23/10/2026 at 1100 hrs.** The experience certificate (if any) must contain the name, designation, address, Phone No., Mail ID of issuing officer. The certificate should be countersigned by concerned OFFICE HEAD/DEPT. HEAD.
8. In case tender opening day is declared as holiday or bandh call at Itanagar, the tenders shall be received up to next working day till 1100 hrs and opened on the same day at 1130 hrs.
9. Rates must be written clearly in figures as well as in words, showing GST Separately.
10. The bidders should keep checking the website for any addendum / corrigendum to the notice/Bidding documents till the date of submission of bids and the bidder should incorporate the same in his bid documents.
11. Conditional bids and the bids not meeting the qualifying criteria on the date of receipt of bids shall be summarily rejected.
12. Before submission of bids, bidders must ensure that copies of all necessary documents have been attached with bid.
13. The department will not be responsible for delay in submission due to any reason(s).
14. All the required information for the bid must be filled and submitted.
15. The details of EMD and other documents specified in the tender documents should be same as submitted (scanned copies), otherwise tender will be summarily rejected.
16. **Conditions:** The goal of the supply & installation of Security/ STF/ Crime branch / FSL/ Cyber-Crime equipments/items under ASUMP 2025-26 during the year 2026-27 (Additional items) project is to complete the design implementation and installation of the system and to achieve full production operations within **04 weeks** after contract award or as soon as technical feasible.
17. If the tenderer who fails to supply the material/ perform the task assigned to him in the purchase order, within the period prescribed for such delivery specified above, the AIGP (E), or other competent authority, shall be entitled at his discretion to the actions as under:

Graded liquidated damages for delay in the delivery of all or any good or performance of services will be liable for:
 - (i) For first 30 days @ 1% of the value of the goods.
 - (ii) For next 60 days @ 2% of the value of the goods.
 - (iii) For delay above 2 month/ over & up to 4 months @ 4% of the value of the goods.
 - (iv) Beyond 4 months and up to 6 months @ 5% of the value of the goods & on expiry of 6 months the contract would automatically get nullified and Security Money Deposit would be forfeited.

18. The tender papers containing full details with specifications and terms and conditions can be obtained from Provisioning Branch, PHQ Itanagar, on showing of Payment receipt of Rs. 1,000/- (non-refundable) in favour of the Asstt. Inspector General of Police (E), PHQ, Itanagar, Arunachal Pradesh paid through eGras Portal of Govt. of Arunachal Pradesh on any working day from 0930 hrs to 1600 hrs w.e.f. **10/10/2026 to 22/10/2026**. The tender documents may also be downloaded from our website. The tenderers downloading the documents from website are also required to submit a copy of challan of Rs. 1,000/- as tender fees in favour of the Asstt. Inspector General of Police (E), PHQ, Itanagar, Arunachal Pradesh paid through eGras Portal of Govt. of Arunachal Pradesh. No other mode of payment will be accepted.
19. The technical information provided with the references must demonstrate or support the capability of the proposed technology to satisfy the identification functionality and performance requirements of this solicitation tender.
20. Successful tenderers will be required to deposit 5% of the total value of the articles to be supplied as security money within 10 days from the date of issue of letter of acceptance of tender. The successful tenders will have to enter into a "DEED OF AGREEMENT" stipulating the Terms and Conditions of the contract.
21. Non-fulfillment of any or all the Terms & Conditions of Contract, performance security deposit and EMD of the successful tenderer will be forfeiture and supply order issued to the firm shall be cancelled.
22. Tenders should be addressed to the undersigned by designation and not by name. The separate sealed envelope containing all the tender documents (i.e. two separate Covers (i) Technical Bids and (ii) Financial Bid) should be subscribed as **"Tender for supply & installation of Security/ STF/ Crime branch / FSL/ Cyber- Crime equipments/items under ASUMP 2025-26 during the year 2026-27 (Additional items)** and sent by Registered Post / Speed Post / Courier Service or put in the Tender Box kept in the office of the undersigned (Provisioning Branch) on any working day from 0930 hrs to 1600 hours. ***The tenders received after scheduled date & time will not be entertained.***
23. Any breakage or loss of items will be at the supplier's risk.
24. Delivery of the stores will have to be completed within **04 weeks (30 days)** from the date of issue of supply order. In case of failure to supply the items in time, violation of any provision of Deed of Agreement, the firm is liable to be blacklisted.
25. If any item is found damaged or otherwise unacceptable at the time of delivery/inspection, the supplier will be required to remove the same from Central Store, PHQ, Itanagar, Arunachal Pradesh at their own cost within 15 days. The demonstration of the items shall be conducted at the time of acceptance by the Board of Officers. The items not found as per specifications shall be rejected.
26. Payment will be made to the supplier directly on completion of supplies / installation and after acceptance/ inspection by the Govt. constituted Board.
27. The Director General of Police, Arunachal Pradesh, Itanagar reserves the right to reject the lowest or all or any of the tenders without assigning any reason thereof.
28. The Director General of Police of Arunachal Pradesh, Itanagar shall have the right to ask the firms to demonstrate their items before the items are accepted.
29. List of equipments/items with description & specification is enclosed at Annexure- "A". The quantities mentioned in the enclosure are all approximation and subject to variation as per actual availability of funds.
30. Tender rates will remain valid up to 12 months from the date of publication of this tender.

31. All items to be supplied shall be under warranty of 01 (one) year or as mentioned in Annexure-A against each items/ equipments from the date of acceptance.
32. In case of any dispute, the legal jurisdiction will be at Itanagar, Arunachal Pradesh.
33. In case of any query, the tenderers may contact at following phone no./mail ID.

SPECIFICATIONS FOR SECURITY/ STF/ CRIME BRANCH/ FSL/ CYBER-CRIME
(ASUMP 2026-27 ADDITIONAL)

Sl. No.	Name of Item	Technical Specifications		Quantity
i. SECURITY CELL				
1.	NLJD	Physical Characteristics	i. The equipment should be light weight and made of non-corrosive material/aluminum/ carbon fiber/glass fiber etc. ii. The detector and its accessories should be comfortable for handling. iii. Material should have proven reliability and durability.	02 Nos.
		Transmitter	Frequency: frequency range to be between 800-1000 MHz or better. Peak Power Output: Should not be more than 4 watts continuous. Power type: Pulse or continuous. Different Frequency Channels: EQPT should be capable of switching min 20 different frequency/channel, having a minimum spacing of 1MHz	
		Receiver	Should have receiver frequency for 2d and 3d harmonics (1600-2000 MHz and 2400 to 3000 MHz) Equipment should have sensitivity be max (-)125 dBm or better.	
		Search head with telescopic extension	Search Antenna: Should have high gain antenna. Search Head Light: Should have a LED search light on the search head to carryout search during dark condition. Cables: No cable and connectors to be seen when the eqpt is collapsed position and when the eqpt is fully extended. No cables and connectors should also be seen between the search head and the extension arm in any circumstances. All wires to be integrated into telescopic pole. It should not interfere with operators' comfort & working. Telescopic Arms: Max length of the telescopic arm when in closed/collapsed/fully retracted position up to 1.25m (to be measured from rear edge of the equipment to the front edge of the search head when search head is kept parallel to the telescopic arm).	
		Detection alarm	Equipment should give detection alarm by audio, visual and vibrational means. Facility should be provided to use any one type of alarm means and any two types of alarm together also.	
		Display	a) Equipment should have LED/LCD visual indicator b) Display to be clearly visible to operator during day time and night following parameters to be displayed on the display. (i). Power selection status (ii). Channel/Frequency band (iii). Standby mode status (iv). Harmonic selection status (v). Volume (vi). Sensitivity	

		(vii). Detection alarm status (viii). Low battery indicator equipment should indicate low battery. (ix). Clearly distinguishable visual indicator separately for 2d and 3'd harmonics in all light conditions including fully dark conditions and bright Sunlight, when eqpt detects suspicious object.	
	Control functions	Control function necessary to operate the Equipment should be facilitated on the hand grip for better operator comfort and efficiency. The control function includes following function that can be selected using different buttons for different functions or using a navigation menu: a) Power Selection (power selection facility for the operator to select power ranging from 1-100 percent) b) Volume (Volume adjustment facility for the operator to select volume level ranging from 1-100 percent) c) Channel Selection (Both automatic and manual channel selection for selecting different frequencies as per bomb technician/operator need) d) Sensitivity (Sensitivity selection facility for the operator to select sensitivity of the equipment from 1-100 percent) e) Stealth Mode (Equipment should have be capable of switching the equipment on stealth mode which will turn off LED light of display while operating stealth) f) Standby Mode (Equipment should have a facility to put the equipment on standby in order to save the battery of the equipment) g) Harmonica Selection (Equipment should have facility to select 2nd and 3rd harmonic and both) h) Brightness (Equipment should have facility to adjust the brightness of the display as per operator comfort) i) Search Head Light (Equipment should be capable of switching ON/OFF the search light) j) Reset (Equipment should be capable of resetting the complete system. Time for reset should not exceed 60 sec) k) RFI Cancellation (Equipment should have RFI cancellation facility).	
	Audio	With and without bone conduction headphones with auto decibel cut out feature. Different audio tone for different harmonics.	
	Test target	Different test targets for 2 nd and 3d harmonics respectively provided by firm	
	Detection capability	a) Open space - min 40 cm or better b) Dug underground- min 20 cm or better c) Dug concrete - 10 cm or better	
	False alarm rate Pin point detection	The false alarm to be less than 5%. Equipment should be capable of pinpoint detect material to + 10 cm in open space and underground.	

		Battery	a. Dry rechargeable battery to be provide. b. Operational time to be min 4 hrs. c. One set spare rechargeable battery to be provide. d. Spare battery to be provide e. Battery to be commercially available in the local market. f. Reverse polarity protection to be provide. g. Battery to be having warranty of min 2 yrs. h. Full Battery charging time to be max 3 hrs. (There should be provision to charge all operational batteries simultaneously in one charger)	
		Warranty	Warranty of the eqpt should be three years, (36 Months) and supplier and OEM should give undertaking for supplying spare parts and service for 8 years including warranty period.	
		Spare list and spare parts	a) OEM to furnish MRLS (manufacturer recommended list of spares). b) OEM to provide each number/set of MRLS at the time of tendering in a carrying case.	
		Training	a) OEM to provide operational training to Bomb technician/individual for a week as per user requirement. b) OEM to provide user level maintenance training Bomb technician/ individual as per user requirement.	
		Tools	a) OEM to provide tool kit to carryout repair of the eqpt at user level (list of tools to be furnished by OEM) b) OEM to provide cleaning tool kit required for the eqpt (List of tools to be furnished by OEM).	
		Manual	a. OEM to provide user manual (both hard and soft copy) b. OEM to provide maintenance manual (both hard and soft copy)	

ii. STF (Special Task Force)

2.	Thermal Weapon Sight (Long Range)	- Detection range minimum 1800-2500 meters (human-sized target). - Recognition range minimum 800-1000 meters. - Uncooled thermal sensor with minimum 640x480 resolution. - Refresh rate minimum 50 Hz. - Optical zoom with digital zoom up to 8x. - Compatible with STF service weapons having picatinny rail mounting system. - Rechargeable battery with minimum 6-8 hours operational endurance. - Rugged, waterproof and dustproof suitable for field/jungle operations. - Quick detach mounting system. Warranty – 1 years	14 Nos
3.	BR Jacket Hard Armour Panel Level 5+ with Tactical Vest.	- Ballistic protection minimum Level 5+ or equivalent BIS standards. - Protection against 7.62 × 51mm NATO / 7.62 × 39 mm API rounds. - Advanced ceramic composite hard armour panels with UHMWPE backing. - Front, back and side detachable panel configuration. - MOLLE compatible tactical vest with quick-release mechanism. - Ergonomically designed for prolonged field deployment. - Weather resistant and suitable for jungle and mountainous terrain. Warranty – 1 years	150 Nos.

4.	BR Tactical Helmet High Cut Level 3+	• Ballistic protection minimum Level 3+ as per BIS standards. • High-cut tactical design compatible with communication devices/NVG. • Advanced aramid/UHMWPE composite construction. • Adjustable retention system with chin strap. • Lightweight with impact absorption padding. • Moisture and weather resistant for prolonged operational use. • Warranty – 1 years	150 Nos.
